

# Innovating with AI Engineering for Scale.

Digital Transformation | Product Engineering | Cloud | Data & AI

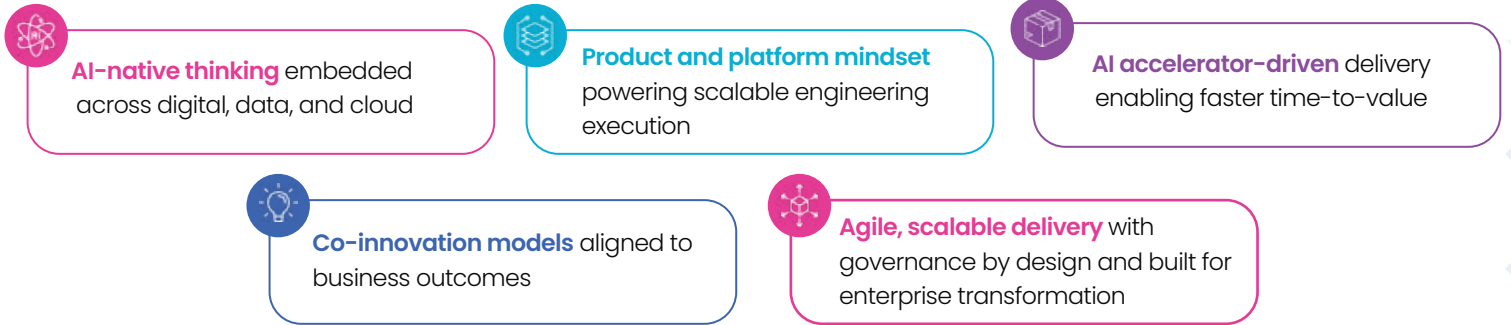

We help enterprises transform platforms, products, and operations using AI, Cloud, and Data, enabling scalable, future-ready digital ecosystems with measurable business impact.

Founded <b>2008</b>	Client Locations <b>25+</b>	Newers <b>2200+</b>	Offices in <b>India, USA, Australia, Singapore &amp; UAE</b>
------------------------	--------------------------------	------------------------	---

Recognized by: **Gartner** | **FORRESTER**® | **Everest Group**® | **ISG**®

## Our Recipe

We don't just implement technology; we co-create innovation that drives measurable business impact.

## Our Digital Transformation Services

## Trusted by Global Enterprises

**TATA PLAY**

**MARUTI SUZUKI**

**Tabcorp**

**pwc**

## Our IPs & Digital Accelerators

**VideoReady**

End-to-end white-labeled streaming platform

**Prism**

AI-powered, intelligent test automation

**Nimbus**

Seamless, scalable data ingestion

**InfAInite**

GenAI-based natural language search

**AIRA**

Agentic AI for real-time insights & actions

**AV8**

Unified AI gateway for multi-LLM access

## Platforms and Partnerships

**aws**

**Microsoft**

**Google Cloud**

**salesforce**

**Adobe**

**snowflake**

**databricks**

## What Sets Us Apart

AI-first transformation mindset

Building scalable, world-class digital platforms

Strong engineering DNA with product mindset

Deep co-innovation aligned to client outcomes

Faster decisions with agile execution models

Culture driven by ownership and agility

## Start Your AI-Driven Transformation Journey

TO THE NEW partners with forward-thinking organizations to create scalable, intelligent, and future-ready digital ecosystems.

### Ask us how to

- Move from AI pilots to enterprise-scale impact
- Turn fragmented data into actionable intelligence
- Modernize legacy systems without disruption
- Build AI-powered customer and content experiences
- Accelerate delivery with engineering + AI
